## Nevada Interests

When one of our statesmen at Washington some years ago, said that the tariff was a "local issue," he must have foreseen present day conditions. We are in the throes of a tariff bill meant to reduce the present day rates of duty with the primary idea of reducing the cost of living. For it is certain that the democratic party was put into power on an issue of the pocketbook, yet, when we come to actual schedules marked for reduction, those of our citizens, whose business is dependent on those particular articles, are against any serious reduction, and when the change means absolute free trade the cry of ruin goes up from the locality engaged in that industry. Some of the state of the union, instead of many diversified industries, have only a few, and so seriously impair one or two would set back and hurt a large percentage of the business of the state of Nevada. Although rich in prospects, here present business life is concerned almost exclusively with mining and sheep. To cripple one of her two main industries would set back her prosperity nearly 50 per cent and would mean loss of employment for a large number of people, cause a serious business setback affecting all her people and place the state in business troubles which would take years to recover from.

The democratic platform provides for the reduction in present duties, but also says that these reductions shall not impair or destroy legitimate industry, or tend to lower the wage of American workmen.

The belief that free wool would seriously impair, if not destroy, the wool industry of Nevada, and that it would lower the wages of workmen engaged in the business. If the wool duties are too high, lower them; but don't destroy the industry, one of the largest in the state of Nevada, or make it possible for the workmen engaged in that industry to make a fair living at a reasonable wage.

Sugar, too, ought not to have the duty absolutely taken off, but enough duty should be retained to save the industry from destruction by foreign competition. Without a duty, the best sugar manufacturers cannot compete with the low wages paid abroad.

Nevadans have cause to applaud the recent speeches of Senator Newlands, in which he takes the position that duties should be lowered where the measure of protection is at present too high, but that where there is a legitimate industry that requires protection to save it from extinction or serious setbacks, on account of inability to compete with that industry as managed abroad, with 50 per cent less wages to its workmen, help should be given that is fair to all concerned, the consumer as well as those engaged in the industry. As viewed by Nevada interests the wool and sugar business is deserving of a fair measure of protection which should not be denied these enterprises.

Tonopah will observe the Fourth of July but credit for the celebration will not go to the men of this camp. The celebration has been agitated by the women and at the meeting last night the opinion was unanimous to "let the women do the work." Such sentiment as found in the greatest silver camp in the world is indeed surprising, for in every prosperous community the business men are always found in the front advocating a celebration, for it means money to every business firm. However, several of the more public spirited men have announced their willingness to assist in the more laborious duties.

Opinion is unanimous that the celebration will be worth while attending and it is now the duty of every person to assist in making the affair a success. The women have volunteered to arrange the affair but it will take united support to carry the function through successfully. Place your shoulder to the wheel and help in the movement.

Senator Smith, of Michigan, avers that it is highly proper to maintain a lobby at Washington and that it is also correct for the president to seek to influence legislation. Senator Smith can name as many postmasters as he desires as reward for maintaining the latter view.

It is wrong to spank a boy. Witness the results yesterday when a fond mother attempted to chastise her son, turned over an oil stove and caused a fire loss of \$100,000. Spare the rod!

A peace policy with a big navy to back it up, as desired by Roosevelt, appears plausible. An army should also be advocated to back up the navy.

The parade of the water wagon in Tonopah is of as much importance as a visit by the president. Really, we believe we prefer the cart.

The Blond Eskimo will again be visited by Explorer Stefansson. Showing that peroxide is not responsible for all blondes.

Militancy in England is not so popular now that the leaders have been sentenced to the rock pile.

Time does not appear to add to the beauty of the Brougher avenue ruins.

June is the month for marriages, but December is preferred by those who are wise.

## ESSENTIALS FOR YOUR VACATION EQUIPMENT

There are many things you should get before you go. It is not well to depend on getting just what you want at stores found at summer resorts. Better make out your list and let us supply you before you go.

### A FEW SUGGESTIONS.

Healing lotions and creams, antiseptic solution, thermos bottles, drinking cups, stationery, fountain pens, headache remedies, combs, brushes, sponges, cigars, shaving supplies, playing cards, cameras, photo supplies, etc.

## BACKACHE IS A WARNING

TONOPAH PEOPLE SHOULD NOT NEGLECT THEIR KIDNEYS

Backache is often nature's most frequent signal of weakened kidneys. To relieve the pains and aches, to remove the lameness when it arises from weakened kidneys, you must reach the cause—the kidneys. If you have pain through the small of your back, urinary disorders, headaches, dizzy spells, or are nervous and depressed, start treating the kidneys with a tested kidney remedy.

Doan's Kidney Pills have been proved good and are especially for weak kidneys. Doan's have been used in kidney trouble for over 50 years. Here is convincing proof of merit. It comes from this locality.

W. T. King, W. King st., Carson City, Nev., says: "I suffered so severely from backache that I could hardly stoop. Doan's Kidney Pills were the only remedy that had an effect on my trouble, and I am glad to say that they made a complete cure."

## TRY IT! SAYS SAGE TEA DARKENS AND BEAUTIFIES FADED, GRAY HAIR

Mixed With Sulphur Makes Hair Soft and Luxuriant and Removes Dandruff.

The oldtime mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is coming in vogue again, says a well known downtown druggist. It was our grandmother's treatment and hundreds of women and men too, are again using it to keep their hair a good even color which is sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and
